Welcome to the Bible of Deadpool! This spreadsheet includes comprehensive lists of all of Deadpool's comic appearances, including the various collected editions and omnibuses you can collect them in. Can be a little overwhelming if you're a little newer to the comics, so that's why we have the suggested reading page. This will be regularly updated as new content is announced. If you notice mistakes or omissions, please share in the comments of this post. The hope and dream is to get this completely accurate.

This list was mostly collated from two major sources. Information regarding all 950+ individual comics involving Deadpool is in thanks to The Complete Marvel Reading Order who offer similarly comprehensive lists for practically every character. They also have a cool community and Discord server you can check out.

Whilst information regarding the various collected editions, omnibuses, and more are in thanks to Crushing Krisis where you can see everything in a neat chronologically suggested reading order. Like CMRO, they also provide similar lists for a range of characters and teams across Marvel and DC.

Suggested Reading.

Deadpool (1997)
By Joe Kelly
Issues #1-33

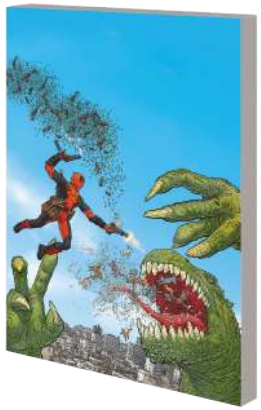
This is Deadpool's first ongoing series where he was portrayed in the irreverent, fourth-wall-breaking style that the character is iconic for today, blending humour and depth. It also establishes his supporting cast including Blind Al and Weasel.

Cable & Deadpool (2004)
By Fabian Nicieza
Issues #1-50

With both character's solo runs previously ending, they came together in what would be a fan-favorite series, thanks to their hilarious and action-packed dynamic. Was once even voted as r/deadpool's favorite comic series!

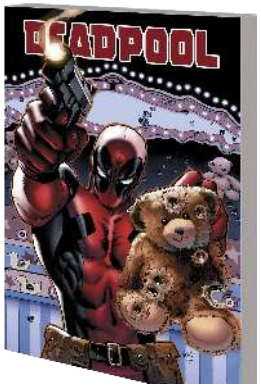
Uncanny X-Force (2010)
By Rick Remender
Issues #1-35

Regarded as one of the best depictions of the character. Led by Wolverine, the team also features Psylocke and Fantomex.



Deadpool (2012)
By Brian Posehn & Gerry Duggan
Issues #1-45

Considered by many to be the gold standard, particularly 'The Good, the Bad, and the Ugly,' story.



Deadpool: Suicide Kings (2009)
By Mike Benson
Issues #1-5

After being framed for killing innocents, Deadpool has to avoid capture from street-level characters - Punisher, Daredevil, and Spider-Man - in order to clear his name and get revenge.

Deadpool Kills the Marvel Universe (2012)
By Cullen Bunn
Issues #1-4

One of Deadpool's most iconic series. Set in an alternate universe, Deadpool goes on a killing spree after discovering that the entire Marvel universe are comic book characters. Also the beginning of the Deadpool Killology.

A comprehensive list of all of Wade Wilson / Deadpool's Earth-616 continuity appearances in a suggested reading order.

TIP: The following omnibuses and minibuses contain roughly the complete collection of Deadpool from 1990 to 2015 in the original release order of the comics, with the exception of Deadpool: The Adamantium Collection which collects variously iconic issues of the character. I would recommend excluding it and Deadpool and X-Force Omnibus as they contain several double-ups and aren't essentials if you're collecting his timeline.
